

## Quarterly Dataset search: April-June 2024

### Columbia Basin Fish & Wildlife Library

Creamer, D.A., R. Patiño, and J. S. Rogosch. 2024, Assessing risk for westward expansion of zebra mussels to guide EDRR strategies project [Dataset]. U.S. Geological Survey.

<https://doi.org/10.5066/P14FGZGG>

Falke, J.A. and J.D. Paul. 2024. Spatial and Tabular Datasets Supporting the "Freshwater Habitat Potential for Chinook Salmon in the Yukon and Kuskokwim River Basins, Alaska" Project

[Dataset]. U.S. Geological Survey. <https://doi.org/10.5066/P95AV4JO>

Hansen, A.C., D. J. Hance, T. K. Kock, J. R. Kelley, and R. W. Perry. 2024, Acoustic-tagged juvenile Chinook salmon (*Oncorhynchus tshawytscha*) detections in Lookout Point Reservoir and downstream in the Middle Fork Willamette River, Oregon [Dataset]. U.S. Geological Survey.

<https://doi.org/10.5066/P14BRZVC>

Kenworthy, M.K., 2024, White sturgeon fine-scale habitat model archive, Kootenai River near Bonners Ferry, Idaho, 2017-2022 [Dataset]. U.S. Geological Survey.

<https://doi.org/10.5066/P9Q9I2RN>

Kenworthy, M.K., 2024, Impacts of restoration work on Kootenai River white sturgeon critical habitat, 2011-2022, Kootenai River, Idaho [Dataset]. U.S. Geological Survey.

<https://doi.org/10.5066/P908KXMN>

Merz, J., K. Sellheim, R. Brown, and S. Zeug. 2024. Data from: Disruption of natural disturbance regime decouples habitat and life stage in a keystone species [Dataset]. Dryad.

<https://doi.org/10.7291/D16977>

Ohms, H., E. Palkovacs, and D. Boughton. 2024. California steelhead abundance and environmental conditions timeseries [Dataset]. Dryad. <https://doi.org/10.7291/D19975>

Rossi, G. 2024. Flow augmentation from off-channel storage improves salmonid habitat and survival [Dataset]. Dryad. <https://doi.org/10.6078/D1GT31>

Sepulveda, A.J., G. D. Scott, D. Pilliod, and K. E. Klymus. 2024. Environmental DNA qPCR detection results and covariates from Idaho, Missouri, Montana, and New York rivers sampled in 2023 [Dataset]. U.S. Geological Survey. <https://doi.org/10.5066/P1PSE4TD>
